

EMPIRE WOOD STOVES

Gateway Series

EMPIRE
STOVE

Effortless Heat

Empire Stove products are the simplest to use, thanks to the one-lever air control. This allows for effortless control of your fire from a roaring blaze to a slow burn. The no mess ash pan collects debris from the fire and allows you to easily remove it. Your glass window will stay clean with the integrated air wash system which uses hot air to clear debris from the glass.

KEY FEATURES

AIR WASH SYSTEM

Hot air circulates through the stove and keeps dirt and debris from building up on the glass, maintaining clear view of the fire.

DOOR LATCH

The heavy duty door latch ensures your door seals tight every time for an efficient burn

NO MESS ASH PAN

The easy to remove ash pan includes a cover to keep dirt and debris contained, allowing easy, mess-free disposal.

SIMPLE CONTROL

Easy to use one-lever control adjusts the burn rate to optimize burn times

Built to Last

Constructed with thick, 5/16-inch steel, Empire Stove products are built to last. Firebricks line the inside of the firebox for heat insulation and durability. The high heat ceramic baffle ensures optimal performance no matter how high the temperature rises. Our limited lifetime warranty provides protection, giving you peace of mind for years to come.

KEY FEATURES

DURABLE STEEL

5/16" thick steel top allows for extended heat radiation and adds lasting durability

HIGH HEAT BAFFLE

The high heat ceramic baffle is made of high quality ceramic that won't deteriorate

CERAMIC GLASS

High temperature ceramic glass stands up to the changing temperatures inside the firebox

FIREBRICK LINED

High-density firebricks line the interior of the firebox, allowing for closer clearances and more heat distribution into the room

GATEWAY 1700

Meets EPA 2020 Standard.

Heating Area: 500 to 1,800 ft²

Fire Box: 1.9 ft³

Burn Time: 6 hours

Height: 29 1/2"

Max Heat Output: 65,000 BTU/h

Width: 24 1/8"

Max Log Length: 18"

Depth: 18 3/4"

The **Gateway 1700** is ideal for small to medium homes or rooms. The standard no mess ash pan, simple one-lever control, and air wash system allow for easy operation and maintenance. Several style options are available to ensure the Gateway 1700 complements any room.

GATEWAY 2300

Meets EPA 2020 Standard.

The beautifully crafted **Gateway 2300** wood stove complements larger homes or rooms. The standard no mess ash pan, simple one-lever control, and air wash system allow for easy operation and maintenance. Several style options are available to ensure the Gateway 2300 complements any room.

Heating Area: 500 to 2,100 ft²

Fire Box: 2.4 ft³

Burn Time: 8 hours

Height: 32 1/4"

Max Heat Output: 75,000 BTU/h

Width: 26 1/4"

Max Log Length: 20"

Depth: 20 7/8"

GATEWAY 3500

Meets EPA 2020 Standard.

Heating Area: 1,000 to 2,700 ft²

Fire Box: 3.5 ft³

Burn Time: 10 hours

Height: 34"

Max Heat Output: 110,000 BTU/h

Width: 28 1/8"

Max Log Length: 22"

Depth: 24 5/8"

The **Gateway 3500** is perfect for spacious homes or rooms. The standard no mess ash pan, simple one-lever control, and air wash system allow for easy operation and maintenance. Several style options are available to ensure the Gateway 3500 complements any room.
