

The Saratoga was designed to fit into smaller spaces without sacrificing its strong heating capacity. Far and away the Saratoga is the most attractive, compact, powerful Pellet Stove available. This elegant unit looks more like a piece of furniture than a super efficient pellet burning stove.

### Features:

- 8,200 to 30,000 BTUs
- 40 lb. hopper
- 85.5% Efficient
- Digital soft touch control system
- Interior brick standard
- Convenient, large easy-slide ash drawer
- Electronic igniter
- 3" Flue outlet

### Options:

- Log set
- Fire brick

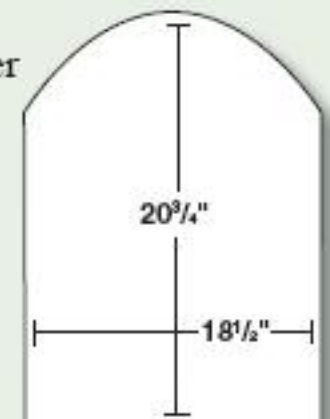

The Saratoga was designed to fit into smaller spaces without sacrificing its strong heating capacity. Far and away the Saratoga is the most attractive, compact, powerful Pellet Stove available. With its baked red enamel finish and our "Soft-Touch" control system, this elegant unit looks more like a piece of furniture than a super efficient pellet burning stove.

### Features:

- 8,200 to 30,000 BTUs
