Jade Series Direct Vent Gas Fireplaces

The Jade fireplace helps you unwind and rebalance with a ribbon of continuous flame and a soothing style. With its great looks, many features, easy operation and the reliability of Majestic, life is better. Sit back, relax and enjoy your home with the Jade fireplace from Majestic.

Quick Look

- Stunning continuous flame in a popular linear design, available in 32" or 42" models
- Customize the interior with fade-resistant reflective black glass interior panels, driftwood logs, natural stones, glass firebed colors and LED accent lighting
- Select from the IntelliFire® app, touchscreen remote, or wireless wall switch for the solution that fits your life
- Optional Passive Heat™ disperses heat naturally (no fan), reducing wall temperatures for TV placement 12" above the fireplace without a mantel
- Enjoy your fireplace any season by using heat distribution kits to direct heat where you want it, inside or outside your home

Controls

IntelliFire App – All the features of a remote control with an app installed on your smart device. Monitor your fire from anywhere or even control it with the sound of your voice. IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Touchscreen Remote – Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station (fan, lights and power vent are dependent on your fireplace).

Wireless Wall Switch – Features: on/off, battery strength indicator, cold climate mode

LED Accent Lighting Control – LED accent lighting is set to desired color when installed. An optional LED light switch allows user to change the color at any time.

Heat Management Solutions

Technologies to help you manage the heat throughout your house.

Passive Heat™ Kit Passive heat disperses heat naturally without moving parts, to allow TVs to be mounted 12" above the fireplace without a mantel or shelf.

Heat-Zone® Kit Reduce wall temperatures and redirect up to 50% of the heat from your fireplace to another room in your home.

Heat-Out® Kit Redirect up to 40% of the heat from your fireplace and direct it outside for comfort year round.

Optional Fan Move heat directly into the room for added comfort.

Technology

IntelliFire Touch® Ignition System

IntelliFire Touch is our most advanced intermittent-pilot ignition (IPI) system, making operating your appliance simple, smart and safe. Select from the IntelliFire app, touchscreen remote or wireless wall switch for the solution that fits your life.

Direct Vent Technology

Direct Vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.

Our Sustainability Story

Our history of leadership in the hearth industry compels us to now lead the way in developing manufacturing practices that ensure our planet remains as durable, beautiful and long-lasting as our products. Find out how we are leading the industry in sustainable practices by scanning the code.
