

PEARL II SERIES

Multi-Sided Direct Vent Gas Fireplaces

CREATE WARMTH AND COMFORT IN MULTIPLE SPACES

Pearl II see-through shown with Contemporary Rectangular front, reflective Black glass interior panels, Onyx and Diamond media with natural stones

Pearl II Series Multi-Sided Direct Vent Fireplaces

The Pearl II see-through, peninsula and corner unit fireplaces create a one-of-kind fireside experience. These multi-sided fireplaces provide warmth and comfort to multiple spaces with one unit. Customize your Pearl II see-through or peninsula fireplace with several interior options, or opt for the contemporary look of flames rising through your choice of crushed glass media.

ACCESSORIES FOR YOUR PEARL II FIREPLACE

Controls – Take complete control of your comfort.

IntelliFire Touch Touchscreen Remote Control A large LCD screen and simple navigation provide easy operation. Feel confident knowing alerts and notifications will appear when needed. The RC400 acts as a thermostat and can be used as a remote, or docked on the wall.

Features on/off, flame height adjustment, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, automatic battery backup, cold climate mode, power vent, and wall docking station.

IntelliFire Touch Wireless Wall Switch

Features a simple, single mode function and is specifically designed for wall placement, ensuring a great fire is just a flip of the switch away. Features battery strength indicator, automatic battery backup, on/off.

Fronts – Front options and colors offer a tailored appearance to any hearth.

Contemporary Rectangular Front
(See-through only)

Decorative Mesh Front
(Black finish only)

Onyx Glass

Sapphire Glass

Bronze Glass

Corner Fireplaces – Available in right and left corners. Same remote control and fan options available.

Right corner fireplace with decorative Black mesh front

Technology

IntelliFire Touch Ignition System The most advanced and intuitive IntelliFire system, making operating your fireplace simple, smart and safe. Select the wireless wall switch or touchscreen remote for the solution that fits your life.

Direct Vent Technology Direct Vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean indoor air quality.

Power Venting Fireplaces aren't just for exterior walls. A fan-powered accessory with slim venting can zigzag throughout your home – up, down, over or under – making it possible to install a gas fireplace virtually anywhere.

Additional Options Not Pictured

- Fan kit extends the heating range of your fireplace
- A selections of mantels, surrounds, and shelves available at MajesticProducts.com

* Not available on corner models

Limited Lifetime Warranty¹

The strongest in the industry, Majestic provides a limited lifetime warranty on gas-burning products of the most important aspects: firebox and heat exchanger.

Your Majestic Dealer:

1: For full warranty details go to majesticproducts.com. The information provided in this literature is for planning purposes only and subject to change. Please consult the installation manual for actual installation. Actual product appearance may differ from product images. Fireplace, stove and insert surfaces get extremely HOT and can cause severe burns if touched. Keep a safe distance away.
