

EF30 & EF30G

Recessed Clean Face Fireplace

A clean face, modern electric fireplace that looks great in both a mantel or drywall installation! The superior flame image and natural looking log set (EF30) or modern glass ember bed (EF30G) truly reflect the appearance of a real burning fire. Tinted reflective panels give the illusion of a deeper, larger firebox. The three stage heater and WHISPER QUIET™ fan can be thermostatically controlled, providing a warm and comfortable environment. Perfect for any room in your home!

EF30

5,000 BTU's

1,500 Watts

30" w x 32 1/4" h as shown

EF30G

5,000 BTU's

1,500 Watts
