

EFL60H & EFL72H

A New Source of Warmth

60" & 72" electric fireplaces you can simply hang, plug in and enjoy. The generous glass front with wide black glass frame creates a stunning contrast around the realistic flame pattern generated using LED technology. A contemporary glass ember bed complements the minimalist design. The EFL60H & EFL72H can be recessed into a 2" x 4" wall for reduced protrusion into the room or wall mounted with the built-in bracket and features an electronic touch screen control panel providing convenient access on the front of the units.

EFL60H

5,000 BTU's

1,500 Watts

60" w x 23 1/4" h as shown

EFL72H

5,000 BTU's

1,500 Watts
