

Plazmafire™ - WHVF24 & WHVF31

Easy Installation

Ideal for modern and contemporary rooms, the Plazmafire™ comes standard with a Topaz CRYSTALINE™ ember bed. Napoleon's Plazmafire™ features easy installation plus all of the conveniences of a vent free gas fireplace. Virtually endless installation possibilities, it's almost as easy as hanging a picture on the wall. Catalytic tiles come standard and perform as a "filter" reducing and removing combustion by-products. The Plazmafire™ 24 comes standard with a curved glass front and the Plazmafire™ 31 offers optional surrounds making it a great addition and focal point to any room.
