

Electric Firebox

The VividFlame Electric Fireplace sets a new benchmark in LED flame technology. Exclusively developed by Real Flame to offer unparalleled flame realism and brightness, along with a wealth of other great features. The hidden LED display shows the settings as they are changed from either the control panel or the slim profile remote. Features a programmable thermostat to provide precise heating in Celsius or Fahrenheit, timed shut off, dynamic embers. Requires open clearance from the top and back.

Electric Firebox 4099
