

**2 DAY SHIP**

# NORWEGIAN-Z

*Welded Steel*

Frame Width	1/8"
Frame Depth	3/4"

**Shown in Textured Black**

The Norwegian-Z is the first ever 2 Day Ship Zero Clearance fireplace enclosure and another great addition to our 2 Day Ship door program.

Base unit widths are 36, 38 and 42" wide (base unit refers to the door and frame with no spacers). For openings taller than the base height we incorporate a system of **Trim Spacers** (included), either a single or pair, that allow the door to fit a wide variety of openings and some of the industry's most popular models past and present.

**Trim Spacers** Top & Bottom

(Included with Specific Models)

#### HOW TO ORDER

- Locate your fireplace model from the chart above and order from the corresponding model number on the right-hand column. If needed, note the spacer size in the chart above for reference. Doors come standard with a textured black powder coat finish and bronze tinted glass. If your fireplace model is not listed here or do not know your model number, never fear, call our Customer Care Agents for size conformation or find other great door models ready to be custom fit for your unit.
